EMPLOYMENT HISTORY

2014 – Present: Member of Board of Directors of ThermoChem Recovery International, Inc., Baltimore, MD

2002 – Present: Vice President overseas projects, Princeton Energy Resources, International, LLC, Rockville, MD

1992 – Present: N&P Ltd, Charles Town, WV, Co-founder and Principal of No-Pollution Enterprises, LLC, Charles Town, WV.

1980 – Present: Invited lecturer at University of Missouri-Rolla, University of Maryland, University of South Carolina, Texas A&M University, Russian Academy of Sciences, Ukrainian Academy of Sciences, Farleigh Dickenson University, University of Michigan, East Coast Hazmat Conferences, and Guest Speaker on Canadian Radio Broadcast Corp.

1979 – 1992: Exxon Chemical Co. and Exxon Research and Engineering Co., USA, Brussels

1977 – 1992: Adjunct Professor at Dept. of Civil & Environmental Engineering, New Jersey Institute of Technology, Newark, NJ.

1977 – 1979: Union Camp Corp., Lawrenceville, NJ.

SELECT CAREER ACCOMPLISHMENTS

U.S. Agency for International Development (USAID) – Senior technical advisor on design of industrial wastewater treatment and cogeneration plant for the Greater Amman Municipality slaughterhouse project, Jordan.

U.S. Trade & Development Agency (USTDA) – Project Manager and senior technical advisor on development of National Electricity Health and Safety Codes, Nigeria.

USAID – Chief of Party and Senior Advisor for Jordan Industrial Waste Manifest project, a multi-year project aimed at developing industrial waste regulations for the Gov. of Jordan, Amman, Jordan.

USAID – Task 3 Project Manager for RIAL Phase I & II (Reuse for Industry, Agriculture & Landscaping) – Responsible for developing national strategy for industry water reuse and recycling. Technical to ministries of Environment, Health, Water Authority, Trade, international lending institutions, and U.S. Mission on pollution prevention and environmental impacts from water conservations infrastructure investments.

USAID – (Romania) Training and pilot demonstration programs at industrial and municipal water treatment and drinking water supply plants on improved operational efficiency and quality, P2 (Pollution Prevention) and alternative waste management practices. Established a national program for zero sewer discharge standards for priority pollutants.

USAID – P2 specialist on Samara, Russia Regional Investment Initiative Program - Environmental Component under USAID, dealing with pollution prevention and regional environmental action plan development to attract US investment opportunities. Focused on water quality and management improvements at various industrial facilities including slaughtering and meat rendering plants, machine building operations, refineries.

USAID – (Bulgaria) Training and consulting on P2 and EMS (Environmental Management Systems) to industry with a focus given to water and power generation. Facilities included tanneries, slaughtering and meat rendering plants, machine building operations, refineries, wood making.

USAID – (Macedonia) Training and consulting on EMS/P2, conducted P2 audits; Assisted in defining/structuring Environmental Funds program. Developed engineering basis for recycling options at pharmaceutical and cosmetics plants, textile manufacturing plants, beverage and food production facilities, meat rendering and slaughtering facilities, and tanneries.

USAID/USEPA – (Ukraine) Under K&M Engineering and CH2MHILL served as in- Country Industrial Waste Management Project Manager, Ukraine. Responsibilities included Resident Project Manager on Institutional Strengthening of Environmental Enforcement; establishment of a Regional Environmental Center; trained Ukrainian enterprises on Pollution Prevention (P2) and Waste Minimization; developed national legislation on industrial hazardous wastes, developed pesticide registration program; implemented fate and transport models for environmental impact assessments at coke- chemical, wood preserving, iron and steel, machine building, munitions manufacturing sites, farm and slaughtering operations; developed regional infrastructure among environmental enforcement agency and industry.

USAID – (Balkans) Under DAI developed case studies and designed P2 Forum and Web site for P2 programs to assist industry.

USDOE/USDOD (U.S. Depts of Energy and Defense) – Numerous assignments. Highlights include: (1) Prepared Congressional Report for Subcommittee on Energy Budgets for Worldwide Projected Market Growth of Advanced Turbines for the Utility Industry and Impediments to Market Growth; (2) Technology Survey and R&D Projection Needs for Small-scale Coal Gasification Technologies; (3) Technology Survey and R&D Projection Needs for Fuel Cell Technologies for Power Generation; (4) Environmental Impact Assessment of Tritium Extraction plant for SALT 2 Armaments Treaty; (5) Emergency Cooling System Design Review for Point Pleasant Power Plant, NJ.

U.S. Export Import Bank – (Uzbekistan) Under Eurasia Environmental Services serves as technical and business consultant on the Shurtan Gas Processing Plant modernization project, Uzbekistan. Responsible for evaluating low NO_x compressor technology for gas transfer stations as proposed by General Electric Corp of U.S. Led team in developing environmental impact statement and assessing project-financing options for 9 million U.S. dollar loan.

USTDA – (Balkans) Definitional Missions to define project opportunities and environmental impact assessments in the Balkans (Romania, Bulgaria, Macedonia, Bosnia-Herzegovina, Croatia, Albania). Implemented regional rationalization study on the debundling of INA (oil and gas monopoly-producer of Balkans) oil, gas and downstream chemical manufacturing businesses, including chlor-alkalis, agro-chemicals and coal-tars.

USTDA – (Latin America) Definitional Missions to define project opportunities in oil, gas and renewable energy.

World Bank Organization (WBO) – (Ukraine) Developed national legislation on European Union IPPC (Integrated Pollution Prevention and Control) permitting. Established model permits for the Power Generation, Coke Chemicals, and Steel Making industry sectors.

WBO – (Ukraine) Under the Donetsk Pollution Abatement Loan Program, responsible for conducting environmental impact studies and technical feasibility assessments of industrial enterprise projects aimed at pollution prevention/abatement and energy savings.

WBO – (Russia) Conducted business evaluations and technical feasibility studies for oil field expansions by Tyumen Oil in Siberia.

WBO – (Turkmenistan) Under Eurasia Environmental Services assessed technology options and costs for mercury cleanup on Nura River. Developed detailed remediation plans and emergency response plans for cleanup operations.

WBO/USTDA – (Russia) Assisted in feasibility assessment for wind power generation farm to provide electrification to St. Petersburg grid. Assessment extended to assess feasibility for providing wind-powered electricity to rural towns and villages to replace diesel generator technology.

Exxon Research & Engineering Co. and Exxon Chemical Co. – Numerous assignments ranging from refinery and chemical plant expansions, pollution and health & safety, synthetic elastomer manufacturing/product development. Positions ranged from technical, group and section manager to product development manager.

International Business and Engineering Consultants, Caracas, Venezuela – Technical expert assigned to refinery modernization projects in Maricaibo, Curacil, and Aruba. Conducted plant wide energy efficient and environmental audits at four refineries and one light ends manufacturing plant. Assisted design teams in debottlenecking fluid catalytic cracker operations, lube oils distillation plant, and paramins refining.

KBR-Halliburton – Prepared environmental impact statement for Nizhnekamsk Refinery polyolefins plant expansion, Republic of Tatarstan.

Madison Gas & Electric Corp. – Developed preliminary design basis and technical feasibility assessment for conversion of oil fired boilers power generating boilers to biomass feed systems.

U.S. Private Sector Clients – Environmental, waste and health & safety consultant to various clients including Public Service Gas & Electric Corp., New Jersey, Chase and Sanborn Food Corp., Becton Dickenson Pharmaceutical Co., Gates Wire and Cable Co., Goodyear Tire and Rubber Co., Merola Hazardous Waste Transporters Corp., Safety Clean Corp., Municipalities.

OECD (Organisation for Economic Co-operation and Development) – (Ukraine) Studies and special reports on development of environmental management systems and application of economic instruments for waste management.

TACIS (Technical Assistance to the Commonwealth of Independent States, European Commission) –European Union Project Manager on Institutional Strengthening of the State Environmental Inspectorate of Ukraine. Responsible for managing project dealing with restructuring of the Environmental Inspectorate of Ukraine as prerequisite to becoming a European Union member. Tasks included development of pollution fees restructuring, personnel training and qualifications for inspectorates, financing schemes for regional laboratories, communications improvement between regional inspectorates, developing long-term budget forecasting for the inspectorate, agro-chemicals (pesticides) registration program.

Yukong Chemical Corporation – (Seoul, South Korea) Technical advisor on Japan Synthetic Rubber technology for EPDM manufacture. Conducted plant wide audit; assisted technical design team in design modifications to polymerization reactors, rubber finishing (drying) and packaging stages, hexane recycling streams, and modernization of integrated systems controls. Assisted Product Development Group in developing TPO elastomers and soft sponge products for European automotive markets. Additionally assisted in redesign of on-site combined municipal and industrial wastewater treatment plant facility.

Reports to U.S. Congress

201. Technology Assessment and Environmental Impact of the USDOE Tritium Extraction Process for Meeting Nuclear Armaments Production under SALT II Treaty Guidelines; subcontract under K&M Engineering & Consulting Co. (Washington, D.C.) for the Department of Defense, January, 1998.
202. Impact of USEPA NO_x Emission Standards on Combined Cycle Natural Gas Turbines and Its Implications to the U.S. Department of Energy's Advance Turbine Systems Program, subcontract under The PERI Group, Washington, D.C., 2000.
203. State of the Environment and Sustainable Development of Ukraine, U.S. Agency for International Development and Gore-Kuchma subcommittee on Sustainable Development in Newly Independent States of the Former Soviet Union – Environmental Policy & Technology Program, Washington, D.C. and Kyiv, 1997.

Sessions Chaired and Conference Deliveries

204. AICHE Houston National Conference Presentation – Paper 1: Pollution Prevention and Waste Management Practices in the Wood Preserving Industry, Dallas, TX, 2005
205. AICHE Houston National Conference Presentation – Paper 2: Pollution Prevention Case Study at the Jordan Oil Refinery, Dallas, TX, 2005
206. State Department Delegation Program to Samara, Russia—*Impact on Pollution Prevention to Promoting Foreign Investment Strategies into the Samara Region*, Environmental Action Programme, under the U.S. State Department initiative to promote sustainable development and growth to the Samara Region of Russia, 1998.

207. Chair Person - Session on Integration of Newly Independent States Environmental Legislation with International Community - USEPA-Ukrainian Roundtable Pittsburgh Conference, June 1997.
208. National Environmental Work Group Coordinator for Ukrainian Environmental Policy and Legislation Development, Gore-Kuchma Committee for Sustainability of Ukraine - Sept. 1996 – 1998.
209. Keynote Lecturer on Modern Refinery Design Practices and Environmental Management, Venezuelan Oil Refiners Association, Caracas, Venezuela, March 1996 Conference.
210. Invited Lecturer - Academy of Sciences of the Former USSR, Environmental Liability and Policy Development In NIS Countries, Moscow, Spring 1996.
211. Lead Instructor on Workshop for Refinery Flare Gas Operations and Environmental Technologies, Venezuelan Oil Refiners Association, Maracaibo, Venezuela, March 1995 Conference.
212. Designing EPDM for Production Efficiency, Paper delivered to International Conference Program, The Plastics and Rubber Institute, Katholieke Universiteit, Leuven, Belgium, April 16-17, 1991.
213. Designing EPDM Products for Extrusion Application, 2nd Paper delivered to International Conference Program, The Plastics and Rubber Institute, Katholieke Universiteit, Leuven, Belgium, April 16-17, 1991.
214. International Rubber Conference, Paper Presentation – Design Technology Advancements for EPDM Sponge Seals, Paris, France, June 12-14, 1990.
215. Study of the Hydrodynamic and Viscoelastic Properties Affecting the Surface Appearance of the Extruded EPDM Compounds, Paper presented to International Congress and Exposition – SAE (Engineering Society for Advanced Mobility Land, Sea, Air and Space) Detroit, MI (Feb. 27-Mar. 3, 1989).
216. International Rubber Conference, Paper Presentation - Designing EPDMs for Production Efficiency, Melbourne, Australia, 1988.
217. RUBBEREX 86, Australian Rubber Conference, Paper Presented - New Developments in Ethylene - Propylene Elastomers for Extruded Applications, Melbourne, Australia, April, 1986.
218. Zurich International Conference of Mathematical Modeling, Paper Presentation - Mathematical Model for Freely Bubbling Fluidized Beds, Zurich, Switzerland, 1983.
219. Invited Lectures - Department of Chemical Engineering, University of Missouri-Rolla, 1983.
220. Invited Lecturer - AIChE Engineering Series, Northeast Conference, Winter 1982.
221. AIChE International Conference on Fluid Bed Reactor Design Advancements, - Presented Two Paper - Applications of Fluidized Bed Reactors to Synthetic Fuels and Development of Magnetically Stabilized Fluid Bed, Mexico City, Spring 1982.

Journal Editorships

Served as Senior Editor for the following Research and Scientific Journals:

1. Journal of Polymer-Plastics Technology and Engineering, published bi-monthly, Marcel Dekker Publishers, Inc., Basel Switzerland (1988-1998).
2. International Journal of Engineering Fluid Mechanics, published quarterly, Gulf Publishing Co., Houston, TX (1988-1991).

EXPERT WITNESS EXPERIENCE WITHIN PAST 4 YEARS

1. Abarca, et al. v. Merck & Co., Inc., et al., United States District Court Eastern District of California, Docket # 1:07-CV-0388 DOC-BLB
